

Connecting Dreams Foundation (CDF)

Connecting Dreams Foundation (CDF) is a Non Profit Organization which provides the youth with an opportunity to bring about a sustainable and a scalable change. We at CDF, believe in “bridging the difference” between Rural and Urban India and we aim to achieve this by setting up sustainable models of education, healthcare, and livelihood in rural areas. We work along the lines of the 17 Sustainable Development Goals (SDGs) as defined by the United Nations. CDF, through its changemaker network, uses entrepreneurial action to empower people to improve their livelihoods in an economically, socially and environmentally sustainable way, thus, converting their dreams into reality.

CDF got established in Bharati College on 29th September, 2020 through a Memorandum of Understanding between both the organisations which was signed by the manager of CDF India, Ms.Sheetal Shetty and the Principal of Bharati College, Dr. Rekha Sapra. The approval process was completed with utmost ease because of the sheer faith and belief of the authorities in the team and the noble cause. Team CDF Bharati is committed to help people and transform their lives for a better tomorrow. CDF Bharati has transformed 20 lives directly and 250+ lives indirectly through Project Heal(Mental Health Awareness) and is currently teaching more than 200 underprivileged students under Project Sambhav.
