PRESENTS

Horizon 2022

*Creating a Safe Space for the
Marginalized Communities*

SPECIAL THANKS

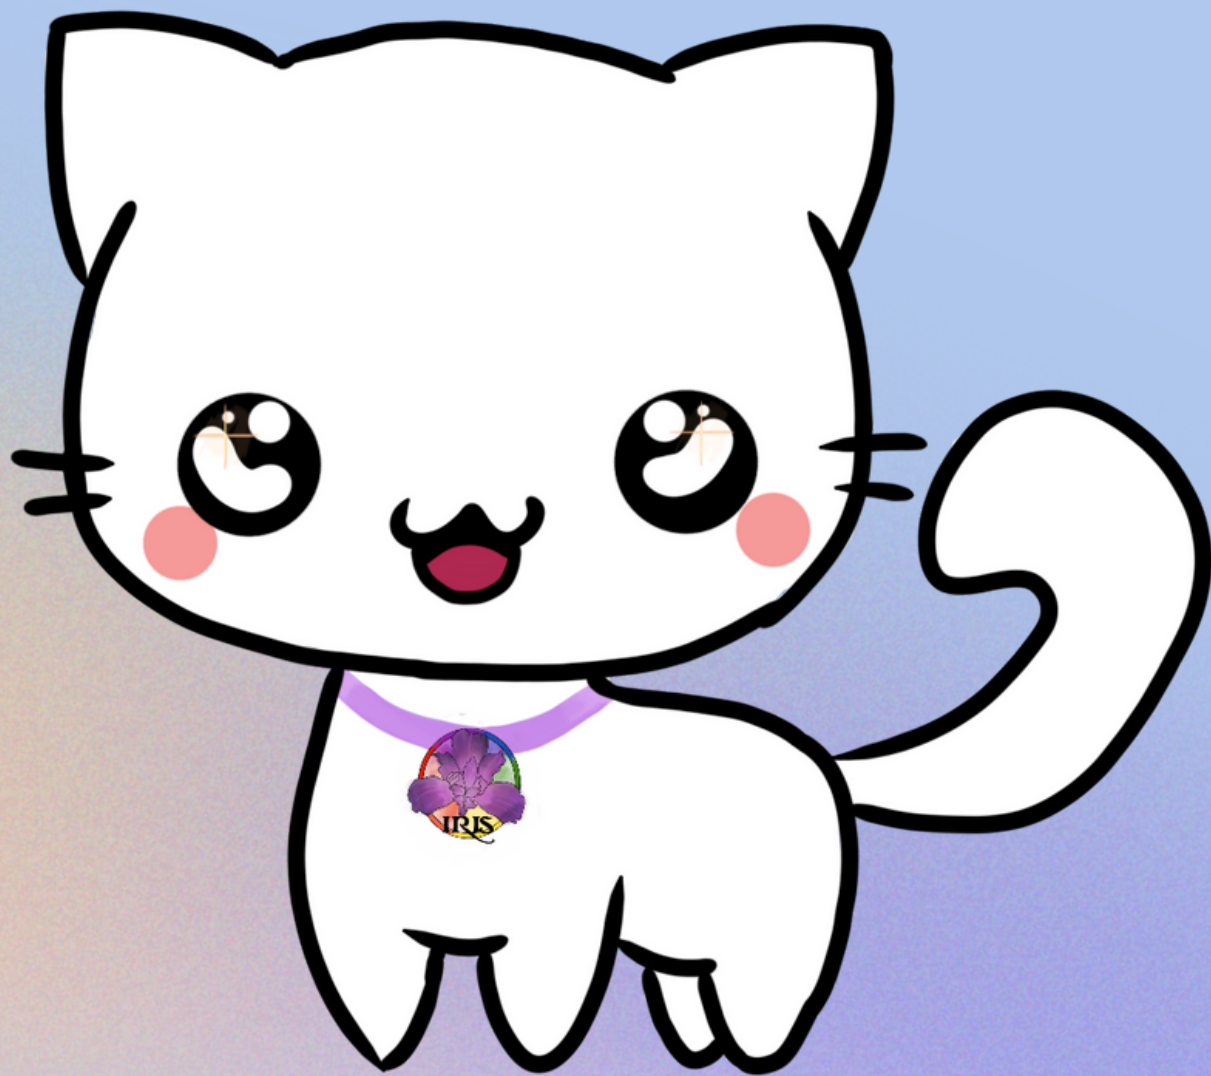

We are immensely grateful to the officiating Principal of Bharati College, **Dr. Rekha Sapra** for her support and enthusiasm towards our society.

Dr. Mala Rani has been Iris' constant support and has always had the team's back. We are incredibly thankful to her for being there for us and helping us learn and grow.

ABOUT US

Iris Queer Collective, Bharati College, University of Delhi, was recently founded to provide a safe space for LGBTQPIA+ individuals and to alleviate any feelings of alienation they may have as a result of their sexual orientation.

With our objective in mind, we are hosting our first annual event called 'Horizon' this year, during the pride month [June 16, 17 and 18, 2022]. Our aim to organize such an event is to enable people from the LGBTQPIA+ community to engage and feel comfortable.

THEME

Creating a Safe Space for the Marginalized Communities

Marginalized communities are those who are excluded from mainstream social, economic, educational, and/or cultural life. Marginalized groups include people who are excluded because of their ethnicity, gender identity, sexual orientation, age, physical ability, language, and/or immigration status. It occurs as a result of power disparities among social groups.

During this month of pride, it's vital to remember that the fight for a just, equitable society that benefits all people requires an intersectional education that understands the various layers of oppression that shape people's lives. Advocates should make a conscious effort to learn about issues affecting minority communities via an intersectional lens this month and in the future. Only then can we truly seek to liberate oppressed communities as a society.
