## Job Description

### Key Responsibilities:

- Training & Development: Participate actively in a structured training program that includes subject-specific content, teaching methodologies, and classroom management skills.
- Content Delivery: Engage in live teaching demos, refining your ability to deliver complex concepts in a clear, engaging manner.
- Assessment & Feedback: Undergo continuous assessment and provide feedback to improve both your teaching methods and student learning outcomes.
- Curriculum Mastery: Develop deep subject matter expertise in your chosen discipline (JEE or NEET).
- Collaboration: Work closely with senior educators and mentors to enhance your teaching techniques and content delivery.
- Content Creation: Create content for the respective subjects and tests as per the requirements.
- Solving Doubts: Help learners in solving their doubts.
