## COLLEGE PROFILE

Bharati College, one of the top women's colleges in West Delhi, is a constituent College of the University of Delhi. The College was founded in 1971 with its premises at Karol Bagh. It shifted to its present location in Janakpuri in July 1998. Enriched by a faculty of over 130 qualified and dedicated teachers, the College caters around 3000 students. Our alumni have excelled as academicians, lawyers, chartered accountants, politicians, actors and administrative staff. We are confident that all those who join Bharati will reach great heights.

The College is situated in an area of about 8.6 acres of land which has a newly inaugurated state-of-the-art auditorium, a women's hostel, a new academic block, 4 computer labs with over 150 computers with broadband connectivity, a seminar room, a conference room, a theatre room and a large, well equipped library. The library provides access to e-journals, books and other information that can be freely used by students and faculty.

Along with the degree courses, the college also offers a multitude of add-on, short-term courses at very affordable fees for all interested students from within and outside of the College. These include courses in many foreign languages such as German, French, Russian, Chinese; IT courses at 'O' and 'A' levels in collaboration with NIELIT and six additional courses in various professional fields such as Mental Health, Film Making, Digital Marketing, Personality Enhancement, Software Development and Financial Markets. The Software Development courses are offered in collaboration with IIT-Bombay, only to current students and faculty of the College, and are absolutely free of cost. These add-on courses provide the students with a competitive edge in the current workplace scenario. The College aims at developing and inculcating, in its students, the right values so that they grow up into responsible citizens.

The various departments, through their Departmental Societies, aim at guiding and training students beyond the University curriculum by organizing lectures, seminars, workshops, cultural programmes, excursions, etc. It is mandatory for students to participate in annual functions such as Annual Day, Sports Day, NCC Day and NSS Day. Over and above these, for their holistic growth and development, students are expected to participate in at least five other functions organized in the College.

### **Computing Merit Score:**

**General Guidelines:** Course specific eligibility criteria determine the merit score on which admission to each course is based. Applicants must study these criteria carefully to understand if they qualify.

1. All academic subjects may be treated as “elective.” The subjects eligible for

computation (subject to course-specific criteria) are listed above in List A and List B.

2. The University may define any other relevant subjects as academic/elective for a particular course.
3. Merit is calculated through course-specific combinations of marks obtained in the qualifying examination in the “**Best Four**” subjects for admission to courses through the faculties of Arts, Commerce, Mathematical Sciences, Music, Social Sciences, Applied Social Sciences & Humanities, and course-specific combinations of “**Three Subjects**” for admission to courses under the faculties of Sciences and Applied Sciences.

### **Special Instructions for Boards other than CBSE**

1. If a paper's title does not match with what is specified in **List A** and **List B** above, it is mandatory for the applicant to provide a content equivalence certificate from the Principal/Head of the Institution last attended, certifying that the paper's content is equivalent to **NCERT Class XII** syllabus for that paper. This equivalence certificate must be accompanied by a copy of the syllabus of the paper attested by the Principal/Head of the Institution. However, the University of Delhi's decision on the matter will be final and binding.
2. If the applicant's mark sheets contain both Class XI and XII marks, the applicant must enter **only the Class XII marks** in the respective fields provided in the admission forms.
3. Applicants should have passed theory and practical separately. Any paper with both theory and practical component will be considered only in the ratio **70 (theory) : 30 (practical)** if the theory component of the paper is less than 70%. The applicant should separately fill into the online Admission Form the marks obtained and maximum marks for theory and practical each, and the totals, as per their mark sheet. In case the theory/practical breakup is not specified, the applicant will be required to enter — 0 (zero) in the concerned theory/practical fields, and enter only the total in the online Admission Form.
4. *Internal Assessment* marks mentioned in the marksheet will not be used for any calculations.
5. Any discrepancy in the entry of marks pertaining to theory, practicals or totals will be the sole responsibility of the applicant. Your application form may be summarily rejected.

*(A maximum of two language subjects may be allowed for the calculation of marks for ‘Best Four’ Combination)*

## A GLANCE AT CHOICE BASED CREDIT SYSTEM (CBCS)

### CHOICE BASED CREDIT SYSTEM (CBCS)

The CBCS provides an opportunity to the students to choose courses from the prescribed courses comprising core, elective/minor or skill-based courses. The courses can be evaluated following the grading system, which is considered to be better than the conventional marks system. Therefore, it is necessary to introduce uniform grading system in the entire higher education in India. This will benefit the students to move across institutions within India to begin with and across countries. The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed.

### OUTLINE OF CHOICE BASED CREDIT SYSTEM

1. **Core Course:** A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course.
2. **Elective Course:** Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/subject of study or which provides an extended scope or which enables an exposure to

some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.

- 2.1 Discipline Specific Elective (DSE) Course:** Elective courses offered by the main discipline/subject of study is referred to as Discipline Specific Elective. The University/Institute may also offer discipline related Elective courses of interdisciplinary nature (to be offered by main discipline/subject of study).
- 2.2 Dissertation/Project:** An elective course designed to acquire special/advanced knowledge, such as supplement study/support study to a project work, which a candidate studies on his own with advisory support by a teacher/faculty member is called dissertation/project.
- 2.3 Generic Elective (GE) Course:** An elective course chosen generally from an unrelated discipline/subject, with an intention to seek exposure is called a Generic Elective.

**P.S.: A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Generic Elective.**

**3. Ability Enhancement Courses (AEC)/Competency Improvement Courses/Skill Development Courses/Foundation Course:** The Ability Enhancement (AE) Courses may be of two kinds: AE Compulsory Course (AECC) and AE Elective Course (AEEC). "AECC" courses are the courses based upon content that leads to Knowledge enhancement. They ((i) Environmental Science, (ii) English/MIL Communication) are mandatory for all disciplines. AEEC courses are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc.

- 3.1 AE Compulsory Course (AECC):** Environmental Science, English Communication/MIL Communication.
- 3.2 AE Elective Course (AEEC):** These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based instruction.

Project work/Dissertation is considered as a special course involving application of knowledge in solving / analyzing /exploring a real-life situation / difficult problem. A Project/Dissertation work would be of 6 credits. A Project/Dissertation work may be given in lieu of a discipline specific elective paper.
