

Eating Disorders: A Cognitive, Psycho-social Perspective

The Department of Psychology, Bharati College was joined by **Dr. Priya Bhatnagar**, Assistant Professor, Jesus and Mary College on **20th February, 2019** for a seminar. She is a lifetime member of American Psychological Association, National Academy of Psychology, National Positive Psychology Association and an active member of AHSAAS. During the talk session, she shed light on- **“Eating Disorders: A Cognitive, Psycho-social Perspective”** to highlight the prevalence and severity of eating disorders in our society and enable discussions about the same among the students. She was keen to answer all the questions raised by the attendees and raised awareness regarding the same. The event was attended by 75 students and was an enriching experience for everyone present. The event provided the students with an opportunity to know and discuss in-depth about Eating disorders. The doubt session helped the students clear all their queries.
