

Loksamvad

The Department of Political Science, Bharati College

On the 17th of September 2019- 'loksamvad' organised an interactive session with an eminent personality- Dr. Yukti Wadhwan on "common gynaecological disease and their prevention"

The main objective behind organising this interactive session was to make the students, especially the young ladies studies in our college , make them familiar with various gynaecological issues and talked about menstrual health related problems, PMS,PCOD as well about their prevention and cure.Through this interactive session students got aware about gynaecological problems and their prevention.

Approximately 150-200 students had attended this event and interacted with Dr Yukti wadhawan about the various issues they face in everyday life regarding menstruation, menstrual hygiene, etc.
