Dear Participants,

As you know, our course was one of a group of transnational teaching projects, which were all part of the “EduVEnture Cologne” framework. At the end of the semester, there will be a digital celebration of all the courses and a presentation of what has been achieved. Would be great, if you could join the event for some time, get to know the other projects, exchange some views and maybe even talk to some of the visitors about your experience. It will all happen in gather.town – a virtual communication landscape and a fun tool for the purpose! Please register to receive the link in time.

Cologne EduVestival

Thursday, 1 July 2021, 3 pm – 6 pm (CEST)

A virtual exhibition and infotainment park in gather.town,

showcasing 12 transnational teaching projects based on Virtual Exchange.

Opening ceremony and welcome by Vice-Rector Prof. Dr. Johanna Hey at 3:15 pm

Regular live presentations and talks – online exhibition and individual meetings throughout.

Meet students and lecturers from all over the world! Learn more about innovative teaching formats like co-teaching, flipped classroom, transnational learning groups, and asynchronous collaboration. Discover exciting interculturally diverse subjects like “Black lives matter”, “Multilingualism”, “Postcolonial European History”, “Nation-building and the Theatre stage” or “Environmental Communication” and how they can be taught digitally in internationally mixed study groups.

Enjoy a firework of didactical ideas, digital tools and unusual solutions for teaching and learning transnationally – here at the University of Cologne.

Find out more and register here: <https://uni.koeln/YC5FS>

Looking forward to seeing you all in Gathertown next Thursday,
