Namaste,

For assessing the learning levels of the students in different grades, NCERT has initiated the activity of item development, review and finalization. In this regard a series of workshops are scheduled from 15th January to 10th February, 2021. During these workshops, with a group of experts and item writers (content) the items for assessing the learning levels of students in different grades would be developed.

These workshops will be held through a virtual mode. The timings of the workshop being 9AM to 5PM. The link to the workshop will be shared as per the schedule.

The agenda for the consultative workshop proposed is as follows:

- To write the Items as per the Learning Outcomes developed by the NCERT
- To assign the sub domains and the strands to each of these item
- To discuss in the group to review and finalize the Items in all respect
- To submit the finalized item in the google document by the group leader.

While developing these Items the participants should ensure that the items are:

- free from any bias and
- should NOT test rote memorization

Other points to be kept in mind for developing the items has been extensively discussed during the orientation meets organized. To reiterate some points, the item writers should take care that the (black and white) visualizations used for graphics, pictures, drawings and lists etc. should be very clear and precise and need to be weaved in the Indian context. The Items should be a learning experience for the child and should help in engaging the child with a sense of joy de vivre.

The following individuals have been finalized as a subject expert to participate in these workshops and help in the process of item development in Languages for grades 3, 5, 8 and 10. The participants need to be present during the workshop and work in close coordination with the Team lead and the Co Team Lead. An honorarium of Rs. 2000/- per day as per NCERT rules would be paid. The format of Item writing, domain, sub domain and strands and the procedure for attendance during the workshop have been explained during the orientation meetings. At least 3 - 4 passages per day need to be submitted by each of the participants.

By being a participant of these workshops organized for the 'Item Development', the participant shall abide to the 'CONFIDENTIALITY CLAUSE' that s/he shall not use or disclose these items in any other manner and the items once finalized in the group is a property of the NCERT and the same shall not also to be discussed in any other forum.
