Dear Colleagues:

I am herewith convening an online meeting for B.A.Hons. History Semester-V Generic Elective- Issues in Contemporary World: 1945-2000. The meeting is scheduled for 20th April (tomorrow) at 06:30 PM.

I will share the joining link shortly.

I have been very much interested in the subject. However, since you have been teaching these courses, the job mainly rests with you. I will be facilitating.

The time available to us is very short. Moreover, very soon, I will be travelling and engaged in other day long meetings. Hence, your quick involvement is solicited. Kindly make it convenient to attend the meeting.

May I request anyone of you to share the existing version of this paper in this thread. We can even start sharing inputs before and after the meeting.

May I also request all of you to write your mobile numbers within this thread.

Dr. Vikas Gupta
