UNIVERSITY OF DELHI

ABOUT NCWEB

In 1943, by a Delhi University Act, the Non-Collegiate Women's Education Board was established, where women students were enabled to take some of the examinations of the University with special coaching but without attending regular classes. This gave shape to the Non-Collegiate Women's Education Board (NCWEB). The Board began functioning in September 1944 with 3 students. At present, the enrolment is more than 24,000. Only women students residing in the National Capital Territory of Delhi can enrol themselves as students of the Board. NCWEB is a unique system with lectures on Sunday and academic breaks, leaving students with six working days to follow their dream. In this neo-age of 100% cut-offs, classroom crunch, gender discrimination, NCWEB is a welcome arrangement and a most satisfactory way to attain a degree from the University of Delhi.

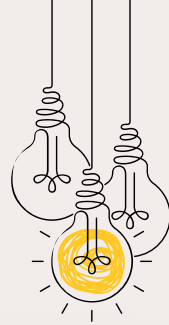

ABOUT BHARATI COLLEGE

‘**Bharati**’, meaning speech, reflects another name of *Goddess Saraswati*, an authority on academics, arts, and knowledge. Bharati College, a premier and prestigious college for women, was established as a constituent college with permanent affiliation to the University of Delhi by the Delhi Administration on 20th September 1971 as *Bharati Mahila College*. Currently known as *Bharati College*, it is one of the top women’s colleges of the University of Delhi, located in a serene and scenic campus and caters to about approx. 3500 students, offering education in several disciplines in Science, Arts, Commerce and Social Sciences. As the name reflects, it focuses on women’s education and development, where girl students have the space to express and learn. The college believes that an abiding social and humane engagement is the hallmark of its students.

MISSION & VISSION

OF NCWEB BHARATI COLLEGE

DR. ABHISHEK PUNEET
TEACHER-IN-CHARGE
NCWEB BHARATI COLLEGE

At the NCWEB Center of Bharati College, we believe that learning should have no locked doors and no distant horizons—only open windows and welcoming paths. Our vision and mission are to make education accessible to every learner, regardless of circumstance, and flexible enough to walk alongside the rhythms of their lives.

We embrace contemporary methods of teaching—blending tradition with innovation—to nurture minds that are curious, adaptable, and unafraid of change. We walk with our students not merely to help them reach the finish line of a degree, but to help them arrive at the fuller destination of their own aspirations.

In every classroom and every conversation, we strive to prepare our students not just for examinations, but for life itself—sharpening not only their intellect but also their character, creativity, and compassion. 

WHY CHOOSE NCWEB BHARATI?

Beyond the syllabus and the timetable, we have planted seeds of holistic growth that blossom in ways no textbook can teach. At the NCWEB Center of Bharati College, education is not confined to lecture halls; it lives in the stages our students perform on, the canvases they paint, the friendships they build, and the hands that hold theirs when the journey feels heavy.

Our **Theatre Society** gives students a stage, a space to direct, to perform, and to become someone else for a moment, and, in doing so, to discover more of who they truly are. Every rehearsal becomes a lesson in courage, every performance a lesson in voice.

Kalakriti, our cultural ensemble, gives color to their imagination. Known for its vibrant and much-celebrated exhibitions, it stands as a testament to the artist within every student, waiting only to be discovered and displayed.

And our **Social Media Team** brings every course to life on screen—working tirelessly to create YouTube videos that walk students through course structures and descriptions across every discipline, from the BA and B.Com programs.

Alongside this creative spirit, we hold our students close, because we believe that growth is never just academic—it is emotional, social, and deeply human.

ASRA, our initiative for mental well-being, stands beside them quietly but steadfastly—a promise that no student walks their struggles alone and that the mind deserves as much care and attention as the marks.

Campus Connect, our buddy and peer group system, gives students a friend before they even ask for one—where seniors become guides and strangers become familiar faces, so that every new student's first step onto campus feels less like arriving somewhere unknown and more like coming home. unknown and more like coming home.

At the heart of it all lies our truest identity: this center is not merely an institution, but a symbol of faculty and students walking hand in hand, not as teacher and taught, but as companions on the same journey of becoming.
