What is Abhivyakti?

Abhivyakti, the legendary annual cultural fest of Bharati College, organized by the Student Union, this high-energy festival transforms our campus into a vibrant canvas of art, culture, and talent.

Abhivyakti is the flagship cultural festival of Bharati College, organized by the Bharati College Student Union. It is a large-scale youth congregation that transforms the campus into a dynamic ecosystem of creativity, performance, competition, and brand interaction. Every year, the festival attracts a diverse and high-energy audience comprising undergraduate and postgraduate students, faculty members, and participants from colleges across the University of Delhi and beyond. With a footfall exceeding 4000+ attendees, Abhivyakti stands as one of the most engaging student-driven cultural gatherings in west campus.

About our Artist
