Key Observations and Suggestions

1. Department of Commerce:

- Encourage more inter-disciplinary research and industry collaborations.
- Encourage faculties for publication in Internationally indexed journals like Scopus, web of Science, and others.
- Work on case -studies and also develop a e-repository.
- Maintain the Alumni- Data base.

2. Department of Computer Science:

- Should introduce some add-on courses/internship in Artificial Intelligence, Data Science, and Cybersecurity.
- Should also provide technical assistance to the college
- Should maintain student progression data
- H Index should be calculated accurately.

3. Department of Economics:

- Promote use of statistical software and econometric tools in teaching.
- Should work on providing skill courses to the students in order to increase employability.
- Also create repository for Case Studies prepared by students.

4. Department of English:

- Continue fostering creative writing forums.
- H index is wrongly calculated. inaccurately
- Integrate translation studies and comparative literature in curriculum.
- Faculties should focus on publication and target the Internationally indexed journals such as Scopus/web of Science and others.

5. Department of Environmental Studies:

- Expand field-based projects and collaborations with NGOs or Other Governmental bodies.
- Faculties should focus on publication and target the Internationally indexed journals such as Scopus/web of Science and others.
- Promote student-led sustainability initiatives on campus.

6. Department of Human Development & Family Empowerment:

- Should start course on Human Development
- Faculties should focus on publication and target the Internationally indexed journals such as Scopus/web of Science and others

7. Department of Hindi:

- Continue fostering creative writing forums.

- Integrate translation studies and comparative literature in curriculum.
- Refine the PPT and submit it again
- Faculties should focus on publication and target the reputed journals preferably Scopus/UGC Care only.

8. Department of History:

- Integrate digital history methods and archival studies in teaching.
- Should work on Publication in reputed Internationally Indexed Journals such as Scopus and others.
- Rectify the student progression data.

9. Department of Journalism:

- Faculties should focus on publication and target the Internationally indexed journals such as Scopus/web of Science and others

10. Department of Mathematics:

- Incorporate applied mathematics in curriculum through real-life problem solving.
- Promote Vedic mathematics
- Encourage/Felicitate student for GATE/JAM like examinations.

11. Department of Music:

- Should work on increasing the strength of the students in the course.
- Student progression data should be maintained.

12. Department of Political Science:

- Need to formalise the Remedial Class.
- Student progression data should be maintained.

13. Department of Psychology:

- Should work on getting projects and publication of the research outcome in the reputed internationally indexed journals.
- Student progression data should be maintained.

14. Department of Punjabi:

- Should work on increasing the strength of the students in the course.
- Student progression data should be maintained.
- Should work on getting projects and publication of the research outcome in the reputed national and internationally indexed journals preferably Scopus/Web of Science.

15. Department of Sanskrit:

- Strengthen the spoken Sanskrit initiative.
- Collaborate with Vedic research institutes for curriculum enrichment.
- Promote Indian Knowledge System
- Student progression data should be maintained.

- Should work on getting projects and publication of the research outcome in the reputed internationally indexed journals.

16. Department of Sociology:

- Should promote Indian Knowledge System.
- Should incorporate the data of all current faculties of the department.

Apart from the Department specific Suggestions, the members also had some common Suggestions for all the sixteen department which are listed below.

1. Faculties should target the reputed Internationally indexed Journals for Publications preferably Scopus, ABDC, Web of Science etc.
2. Department should focus on managing the Data of Students' progression to higher Studies, at least of three consecutive years.
3. Departments need to promote innovative teaching Pedagogy Intune with the objectives of the NEP 2020.
4. All data of the different activities should be accompanied by the attendance records and feedback of the attendees.
5. Department are also suggested to develop their alumina network to the maximum number.
6. Department should revisit the H-index calculation mechanism properly.
7. Department should make e-repository for the case studies.
8. Faculties should approach for the collaborations outside the institutions for research projects and financial assistance.

The Academic Audit reflected the college's continued commitment to academic excellence and student-centred learning. All departments demonstrated innovation and a progressive outlook in their academic practices. The Audit Committee appreciated the efforts of faculty members and recommended the adoption of the above suggestions to ensure continuous improvement. IQAC will assist in following up on the recommendations and ensure implementation in a phased manner.
